### **Teaching Kids Problem Solving with a Great Book!**

When I was teaching college students I was often surprised at how little they knew about the process of thinking. There was a lack of self-awareness when it came to one's thoughts, how the brain works, how to learn, and how to study. I was lucky to be at a college where the psychology major was designed around teaching critical thinking. The focus wasn't on facts and figures, but on how to ...
